UEMURA, Taku and TABEI, Shozo. Spectrochemical studies of hydroxyazo-compounds. Part IV 229
UEMURA, Taku and TABEI, Shozo. Spectrochemical studies of hydroxyazo-compounds. Part V 249
URUSHIBARA, Yoshiyuki. On the so-called diethyl dicyanoglutaconate and some of its derivatives 26
URUSHIBARA, Yoshiyuki. On W. A. Noyes' method of preparing ethyl cyanacetate 143
URUSHIBARA, Yoshiyuki. On the so-called diethyl dicyanoglutaconate and some of its derivatives. II 236
URUSHIBARA, Yoshiyuki. On the nitrile-esters of the dicarboxyglutaconic acid 278
URUSHIBARA, Yoshiyuki. Condensation of ethyl acetoacetate with sodiomalonitrile. A view on the explanation of similar reactions . . . 305
YAMAGUTI, Bunnosuke. The catalysis of nickel on the thermal decomposition of methane 289
YAMANE, Takeo. See KUBOTA, Bennosuke 209
YASUDA, Mataichi. The estimation of gold and silver in sea waters . . 321
YOKOJIMA. Naomichi. See UEMURA, Taku 10, 48

SUBJECT INDEX TO VOLUME 2.

Absorption of carbon dioxide by charcoal 1
Absorption of chlorine by charcoal 244
Acetic acid, molecular fluidity of, ... 170, 199, 227
Acetone, orthobaric densities of, ... 221
Acetylferuloyl chloride 23
Acetylferuloylferulic acid 22
Acetyloxycinnamoyl chloride 25
Acetylvanillin, application of Perkin reaction to, ... 24
Acid clay, catalytic action of, upon cineol 207
Acid earth, action of, on l-linalol 16
Activity of phenol in aqueous salt solutions 124
Adsorbed phase, equation of state of, ... 299
Agar, conductivities of salt solutions containing, ... 61
Amino-acid anhydrides, spectroscopical study of, ... 324
Amino-acids, light absorptions of, ... 324
Ammonia, orthobaric densities of, ... 214
Analysis of Ca, Sr, Ba, and Li 115

Bamboo charcoal, absorption of CO_2 by, ... 8
Bamboo shoots, free pentose in, ... 57
Barium, spectral analysis of, ... 115
Benzene, molecular fluidity of, ... 169, 199, 227
Benzeneazo-catechol, spectrochemical studies of, ... 10
Benzeneazo-cresols, spectrochemical studies of, ... 253
Benzeneazo-phloroglucinol, spectrochemical studies of, ... 49
Benzeneazo-pyrogallol, spectrochemical studies of, ... 48
Benzeneazo-quinol, spectrochemical studies of, ... 11
Benzil, action of nitroethane on 206
Benzil, action of nitromethane on, ... 202
Bromine, molecular fluidity of, ... 170, 199, 227
Bromobenzene, orthobaric densities of, ... 217
Burette, reading of the, ... 138

Calcium, spectral analysis of, ... 115
Carbolthionic acids 307
Carbon dioxide absorbed by various kinds of charcoals 6

Carbon dioxide, fluidity of liquid, ... 196, 227
Carbon dioxide, orthobaric densities of, ... 214
Carbon dioxide, velocity of sorption of, by charcoal 1
Carbon disulphide, orthobaric densities of, ... 219
Carbon tetrachloride, molecular fluidity of, ... 169, 199, 227
Carbon tetrachloride, viscosity of, ... 100
Catalysis of nickel on the decomposition of methane 289
Catalytic action of Japanese acid clay upon cineol 207
Catalytic action of Japanese acid earth on l-linalol 16
Charcoal, sorption of gas by, as dissolution 1
Charcoal, surface area and sorption of, ... 243, 248
Charcoal, velocity of sorption of CO_2 by, ... 1
Chlorobenzene, molecular fluidity of, ... 170, 199, 227
Chlorobenzene, orthobaric volumes of, ... 200
Chlorobenzene, viscosity of, ... 103
Chloroform, orthobaric densities of, ... 218
Chromospheric elements of the sun 276
Cineol, catalytic action of acid clay upon, ... 207
Colloidal solution of gold 187
Colouring matters, photochemical reactions of, ... 65
Complex ion formation from silver nitrate and phenol 147
Conductivity of salt solutions containing agar 61

Densities, a relation between orthobaric, ... 213
Densities of hydrocyanic acid solutions 122
Densities of magnesium at its melting point 131
Densities of the system nicotin-water 139
Densities of the water vapour 37
Dicarboxyglutaconic acid, nitrile esters of, ... 278
Diethyl $\alpha\gamma$-dicarbamylglutaconate 35
Diethyl dicyanoglutaconate 26, 236
Diethyl dicyanopropylene dicarboxylates 281
Diethyl dihydroxydinicotinate 34
Diethyl sodio-dicyanoglutaconate 237
Difury-1.5-methyl. 2-pentadien-1.4-one-3 319
Dihydrofurylidene-methylethylketone 316
Di-isobutyl, orthobaric densities of, ... 217
Di-isopropyl, orthobaric densities of, ... 216
3′4′-Dimethoxy-2-oxychalkon. 174
3′4′-Dimethoxy-2-acetoxychalkon 174
3′4′-Dimethoxyflavonol 175

3′4′-Dimethoxyflavanon 174
3′4′-Dimethoxyflavon 174
3′4′-Dimethoxy-3-isonitrosoflavanon 175
Dimethyl pyridines from shale tar 181
Dimethyl sodio-dicyanoglutaconate 240
Dioxy-diphenylene oxide 81
Diphenylene oxide, oxy-derivatives of, from resorcin 79
Dispersoidal solution of gold 187
Dissolution, sorption of gas by charcoal as, ... 1
Dissolution velocity of oxygen into HCl solution 268

Equation of state of adsorbed phase 299
Ethyl acetate, molecular fluidity of, ... 168, 199, 227
Ethyl acetate, orthobaric densities of, ... 220
Ethyl acetoacetate, condensation of, with sodio-malonitrile 305
Ethyl alcohol, viscosity of, ... 104
Ethyl cyanacetate, W. A. Noyes' method of preparing, ... 143
Ethyl ether, molecular fluidity of, ... 169, 199, 227
Ethyl formate, molecular fluidity of, ... 168, 199, 227
Ethyl propionate, molecular fluidity of, ... 168, 199, 227
Ethyl propionate, orthobaric densities of, ... 221
Ethyl tricyanopropylene carboxylates 284

Ferrous hydroxide, effect of alkali on the oxidation of, ... 40
Fictitious heat of solution of thallous sulphate 294
Fluidity, molecular and specific, ... 161, 196, 225
Fluidity of liquid carbon dioxide 196, 227
Fluidity, volume and temperature relations of molecular, ... 198, 225
Fluorobenzene, molecular fluidity of, ... 170, 199, 227
Fluorobenzene, orthobaric densities of, ... 217
Fluorobenzene, viscosity of, ... 103
Freezing point depression, molecular weight determination by, ... 209
Freezing point of aqueous phenol solution 129, 148
Furfural, studies of the derivatives of, ... 110, 310
Furylbutanene, action of methyl magnesium iodide on, ... 315
Furylbutanone, action of ethyl magnesium bromide on, ... 316
Furylbutenone, oxidation, of, ... 317
Furyl-1-dinitro-2′4′-phenyl-2-ethylene 111
Furylethylene, nitro derivatives of the series of, ... 110
Furylidene-methylethylketone, constitution of, ... 310
Furylidene-methylethylketone, oxidation of, ... 317

Furylketones, action of organo-magnesium compound on, ... 310
Furyl-methyl-α-arylic acid 318
Furyl-methylpentanone, action of methyl magnesium iodide on, . . . 317
Furyl-1-nitro-2-ethylene 112
Furyl-1-nitro-2-propene-1 112
Furyl-1-phenyl-2-nitro-2-ethylene 112
Furyl-1-trinitro-2′4′6′-phenyl-ethylene 111
Fushun shale tar, nitrogen compounds from, ... 176

Glucose-sodium chloride-water system 44
Gold, estimation of, in sea water 321
Gold, preparation of red dispersoidal solution of, ... 187
Green kaolin from Tanokami 274

Heat of solution of thallous sulphate 294
Heptane, molecular fluidity of, ... 167, 199, 227
Heptane, orthobaric densities of, ... 216
Hexane, molecular fluidity of, ... 167, 199, 227
Hexane, orthobaric densities of, ... 216
Hydrochloric acid, dissolution velocity of oxygen into, ... 268
Hydrocyanic acid, vapour pressure of, ... 85
Hydrogen cyanide, analysis of, ... 89
Hydroxyazo compounds, spectrochemical studies of, ... 10, 48, 229, 249
p-Hydroxybenzaldehyde, application of Perkin reaction to, ... 24

Igneous rock, universal minor constituents of, ... 274
Iodobenzene, orthobaric densities of, ... 218

Japanese acid clay, catalytic action of, upon cineol 207
Japanese acid earth, action of, on l-linalol 16

Kaolin from Tanokami 274

Leaves of plants, preparation of colloidal gold by the extracts of, . . . 187
Light absorptions of amino-acids, their esters, peptides and anhydrides . 324
1-Linalol, catalytic action of Japanese acid earth on, ... 16
Lithium, spectral analysis of, ... 115

Magnesium, densities of, at its melting point 131
Malachite green, photochemical reaction of, ... 65
Malonitrile (sodio), condensation of ethyl acetoacetate with, ... 305

Manganese in the deep sea manganese nodules 270
Metallo-organic oxonium salts 105
Methane, catalysis of nickel on the decomposition of, ... 289
p-Methoxystyryl ethyl ketone 54
Molecular fluidity 161, 198, 225
Molecular fluidity, volume and temperature relations of, ... 198, 225
Molecular weight determination by freezing point method 209
Molecular weight of water vapour 37
Monoxy-diphenylene oxide 81
4-Methoxybenzaldehyde, application of Perkin reaction to, ... 25
4-Methoxycinnamic acid 25
Methyl acetate, molecular fluidity of, ... 168, 199, 227
Methyl acetate, viscosity of, ... 101
Methyl-acetyl-feruloylferulate 23
Methyl-p-acetyloxycinnamoyloxycinnamate 25
Methyl butylates, molecular fluidity of, ... 169, 199, 227
Methyl i-butylate, orthobaric densities of. 220
α-Methyl-m·m′-dihydroxydistyryl ketone 56
α-Methyl-m·m′-dimethoxydistyryl ketone 56
3′4′-Methylenedioxyflavanon 172
3′4′-Methylenedioxyflavon 173
3′4′-Methylenedioxyflavonol 173
3′4′-Methylenedioxystyryl ethyl ketone 56
Methyl-ethyl ketone, condensation of phenolic aldehyde with, ... 51
2 : 6-Methyl ethyl pyridine from shale tar 183
Methyl formate, molecular fluidity of, ... 167, 199, 227
Methyl formate, orthobaric densities of, ... 219
α-Methyl-p-hydroxystyryl methyl ketone 55
α-Methyl-p-methoxystyryl methyl ketone 54
Methyl propionate, molecular fluidity of, ... 168, 199, 227
Methyl propionate, orthobaric densities of, ... 220
2-Methyl pyridine from shale tar 180
Methyl-tetrahydroxydistyryl ketone. 53
Methyl-tetramethoxydistyryl ketones 53

Nickel, catalysis of, on the decomposition of methane 289
Nicotin, densities of the mixture of, with water. 139
p-Nitrobenzeneazo-catechol, spectrochemical studies of, ... 11
Nitrobenzeneazo-cresols, spectrochemical studies of, ... 254
p-Nitrobenzeneazo-guaiacol, spectrochemical studies of, ... 15
p-Nitrobenzeneazo-hydroquinone, spectrochemical studies of, ... 15

Nitrobenzeneazo-phenols, spectrochemical studies of, ... 13
p-Nitrobenzeneazo-phloroglucinol, spectrochemical studies of, ... 49
p-Nitrobenzeneazo-quinol, spectrochemical studies of, ... 12
o-Nitrobenzeneazo-resorcinol, spectrochemical studies of. 14
Nitroethane, action of, on benzil 206
Nitrogen compounds from Fushun shale tar. 176
Nitrogen peroxide, molecular fluidity of, ... 171
Nitromethane, action of on benzil 202
Nitrous oxide, orthobaric densities of. 214

Octane, molecular fluidity of, ... 167, 199, 227
Organo-magnesium compounds, action of, on furyl ketone 310
Orthobaric densities, a relation between, ... 213
Orthobaric volumes and temperature 200
Oxalic acid solution, preservation of, ... 134
Oxidation of ferrous hydroxide with air 40
Oxidation of stannous chloride with air 155, 259
Oxidation of sodium sulphite with air 74
Oxonium salts of metals 105
Oxy-derivatives of diphenylene oxide from resorcin 79
Oxygen, dissolution velocity of, into HCl solution 268

Partition of phenol between benzene and aqueous salt solution . . . 125, 147
Pentane, molecular fluidity of, ... 167, 199, 227
Pentane, orthobaric densities of, ... 215
Pentose in bamboo shoots 57
Peptides, light absorptions of, ... 324
Perkin reaction, application of, to phenolic aldehyde 20
Phenol, activity of, in aqueous salt solution 124
Phenol, complex ion of silver nitrate and, ... 147
Phenol, partition of, between benzene and aqueous salt solution . . 125, 147
Phenol solution, freezing point of, ... 129, 148
Phenolic aldehyde, application of Perkin reaction to, ... 20
Phenolic aldehyde, condensation of, with methyl ethyl ketone 51
Phosgene, orthobaric densities of, ... 215
Photochemical reactions of malachite green 65
Powder charcoal, velocity of sorption of CO_2 by, ... 5
Propyl acetate, molecular fluidity of, ... 168, 199, 227
Propyl acetate, orthobaric densities of, ... 221
Propyl formate, molecular fluidity of, ... 168, 199, 227

Radioactive manganiferous deposits 270
Resistance thermometer, freezing point determination by, ... 210
Resorcin, oxyderivatives of diphenylene oxide from, ... 79
Reversible photochemical reaction. 65

Sea water, gold and silver in, ... 321
Shale tar, nitrogen compounds from, ... 176
Silver, estimation of, in sea water 321
Silver nitrate, complex ion of, and phenol 147
Silver nitrate, effect of, on the freezing point of phenol solution 148
Silver nitrate, effect of, on the partition of phenol 147
Sodio-malonitrile, condensation of ethyl acetoacetate with, ... 305
Sodium chloride-glucose-water system 44
Sodium nitrate, effect of, on the freezing point of phenol solution . . . 129
Sodium sulphite, effect of alkali on the oxidation of, ... 74
Sodium sulphite, oxidation of the mixture of stannous chloride and, . 191
Solar chromosphere, elements in, ... 276
Solubility of carbon dioxide in charcoal 7
Sorption, a note on, ... 304
Sorption of gas by charcoal as dissolution. 1
Sorption, surface area and, ... 243, 246
Sorption, velocity of, of CO_2 by charcoal 1
Specific gravity of hydrocyanic acid solution 122
Specific fluidity 161, 196
Specific fluidity of liquid carbon dioxide 196, 227
Spectral analysis of Ca, Sr, Ba, and Li 115
Spectrochemical studies of hydroxyazo-compounds 10, 48, 229, 249
Spectroscopical study of amino-acid anhydrides 324
Stannous chloride, effect of alkali on the oxidation of, ... 155
Stannous chloride, effect of HCl on the oxidation of, ... 259
Stannous chloride, oxidation of the mixture of, and sodium sulphite . 191
Strontium, spectral analysis of, ... 115
Sulphur dioxide, orthobaric densities of, ... 214
Surface area and sorption 243, 246

Tetracyanopropylene 285
Thallous sulphate, fictitious heat of solution of, ... 294
Thiamides 308
Thiohydrazides 309
Tin, molecular fluidity of, ... 171
Tolueneazo-cresols, spectrochemical studies of, ... 230

Toluencazo-phenols, spectrochemical studies of, ... 249
Toluencazo-resorcinols, spectrochemical studies of, ... 251
Triethyl γ-cyanopropylene-α, α, γ-tricarboxylate 280
2 : 4 : 6-Trimethyl pyridine from shale tar 183
Trimethyl tin compounds 105

Vanillin, application of Perkin reaction to, ... 22
Vapour pressure of hydrogen cyanide solution 85
Velocity of dissolution of oxygen into HCl solution 268
Velocity of light reaction of malachite green 66
Velocity of oxidation of ferrous hydroxide with air 40
Velocity of oxidation of sodium sulphite with air 74
Velocity of oxidation of stannous chloride with air 155, 259
Velocity of oxidation of the mixture of $SnCl_2$ and Na_2SO_3 191
Velocity of sorption of CO_2 by charcoal 1
Veratraldehyde, application of Perkin reaction to, ... 24
Viscosity of liquids above their boiling points 95, 161, 196, 225
Viscosity, relation between, and volume or temperature 161, 225

Water-glucose-sodium chloride system 44
Water vapour, density of, ... 37
